Position: Back-End Developer

Type: Full-Time | Permanent

Location: Remote / Hybrid (London, UK)

Compensation: £32,000 per year (depending on experience)

Visa Sponsorship: Eligible for UK Skilled Worker Visa (for eligible candidates)

About Next Noor Ltd

Next Noor Ltd is a UK-based digital marketing and technology solutions company that empowers businesses to grow smarter, faster, and with confidence. Our services include **Search Engine Optimisation (SEO), Pay-Per-Click Advertising (PPC), Web Development, Branding, Social Media Marketing, Lead Generation, and AI-driven Automation**. We serve clients across the UK, USA, UAE, and Europe, helping SMEs and enterprises accelerate growth with tailored digital strategies.

We are now expanding our technical team and are looking for a skilled **Back-End Developer** to join us.

Role Overview

As a Back-End Developer at Next Noor Ltd, you will be responsible for building and maintaining the server-side systems, APIs, and databases that power our digital platforms. You will work with front-end developers, designers, and project managers to ensure scalable, secure, and efficient solutions. This role requires strong coding ability, attention to performance, and a commitment to best practices.

Key Responsibilities

- Design, develop, and maintain server-side applications and APIs.

- Manage and optimise relational and non-relational databases for scalability and performance.

- Ensure system security and compliance with industry standards.

- Collaborate with front-end teams to deliver integrated solutions.

- Troubleshoot and debug back-end systems and applications.

- Support scalability for international client projects.

Candidate Requirements

- Strong programming skills in Node.js, PHP, Python, or similar languages.

- Experience with SQL/NoSQL databases such as MySQL, PostgreSQL, or MongoDB.

- Proficiency in building and integrating RESTful APIs.

- Familiarity with cloud hosting environments (AWS, Azure, Google Cloud).

- Experience with Git/version control.

- Strong problem-solving and analytical skills.

Benefits & Incentives

- Competitive salary aligned with UK industry standards.

- Pension scheme contribution (UK-based employees).

- Performance-based incentives and project bonuses.

- Flexible and remote working opportunities.

- Professional training and certifications supported by the company.

- Opportunity to work on large-scale international projects.

- UK Skilled Worker Visa sponsorship available (for eligible candidates).

- Growth-focused culture with clear career progression pathways.
