📄 Job Description – Front-End Developer

Position: Front-End Developer

Type: Full-Time | Permanent

Location: Remote / Hybrid (London, UK)

Compensation: £31,000 per year (depending on experience)

Visa Sponsorship: Eligible for UK Skilled Worker Visa (for eligible candidates)

About Next Noor Ltd

Next Noor Ltd is a UK-based digital marketing and technology solutions company that empowers businesses to grow smarter, faster, and with confidence. Our services include **Search Engine Optimisation (SEO), Pay-Per-Click Advertising (PPC), Web Development, Branding, Social Media Marketing, Lead Generation, and AI-driven Automation**. We serve clients across the UK, USA, UAE, and Europe, helping SMEs and enterprises accelerate growth with tailored digital strategies.

We are now expanding our technical team and are looking for a talented **Front-End Developer** to join us.

Role Overview

As a Front-End Developer at Next Noor Ltd, you will be responsible for building and maintaining user-facing websites and applications. You will collaborate closely with designers, back-end developers, and project managers to translate creative concepts into responsive, high-performing, and visually engaging platforms. This role requires strong technical skills combined with attention to design detail and user experience.

Key Responsibilities

- Develop and maintain responsive websites and applications using HTML, CSS, JavaScript, and modern frameworks such as React or Vue.js.

- Work with designers to ensure creative concepts are translated into functional digital solutions.

- Optimise websites for speed, SEO performance, and accessibility.

- Ensure cross-browser and device compatibility.

- Integrate front-end solutions with back-end APIs.

- Conduct testing, troubleshooting, and debugging to ensure seamless user experiences.

Candidate Requirements

- Proficiency in HTML5, CSS3, and JavaScript (ES6+).

- Experience with frameworks such as React, Angular, or Vue.js.

- Understanding of UI/UX principles and responsive design.

- Familiarity with Git/version control.

- Strong problem-solving and optimisation skills.

- Ability to work independently and as part of a collaborative team.

Benefits & Incentives

- Competitive salary package aligned with UK market standards.

- Pension scheme contribution (UK-based employees).

- Flexible remote working arrangements.

- Ongoing professional training and career development support.

- Exposure to international projects across diverse industries.

- Opportunity for UK Skilled Worker Visa sponsorship (for eligible candidates).
